

# Efficient Drying For Quality Pet Treats

Our energy-efficient heat pump technology with a sealed chamber creates the ideal conditions for drying Pet food & treats. Indirect-Gas Fired systems also available.

- Ideal for drying kibble, treats, raw hide, bones, and more
- Preserves flavors and nutrients
- Products are dried to shelf-stable water activity levels

## Case Study

Location: Mid-West USA

Application: Gourmet Pet Treats

Machines: FD 24 (X2) & FD 60 Heat Pump Dehydrators

*"We purchased two FD 24 dehydrators to support our growth over the past decade, and we've just ordered a larger one to install in our new expanded facility. These machines are serving us very well."*

*- Sean Litke, Owner, Cosmo's Superior*

## Features

Independent control of temperature, relative humidity, and air speed

Remote access capability using a smartphone, tablet, or computer

Sealed chamber isolates the treatment of the product from ambient conditions
